ADD SECURE

DECLARATION OF PERFORMANCE

Product unique identification code	DALM3000, DALM5000	
Product usage	Alarm transmission and fault warning routing equipment for fire alarm systems installed in buildings	
Manufacturer	AddSecure AB Telefonvägen 26 126 26 Hägersten Stockholm, Sweden	
Name and contact address for authorized representative	Not Applicable	
System of assessment and verification of constancy of performance	System 1	
Name and identification number of the notified body	DBI Certification A/S, 2531	
European Technical Assessment Body	Not applicable	

Declared Performance

Type: DALM 3000 and DALM 5000 Alarm transmission and fault warning routing equipment The certified products are only approved for dedicated alarm paths (Type 1). The alarm transmitter is powered from an external power source and is intended to be powered from a CIE which in turn is powered by a power source according to EN 54-4. The output for monitoring of processing must be externally monitored by the associated CIE.			
Performance			
Essential characteristics	Clauses in EN 54-21:2006	Performance	
Performance of transmission	4, 5	Passed	
Operational reliability	4, 5, 7, 8, 9	Passed	
Durability of operational reliability, temperature resistance	10.4	Passed	
Durability of operational reliability, vibration resistance	10.6, 10.7, 10.11	Passed	
Durability of operational reliability, electrical stability	10.8, 10.9	Passed	
Durability of operational reliability, humidity resistance	10.5, 10.10	Passed	

Signed for and on behalf of the manufacturer by Andrew Hunneman, Director R&D, AddSecure AB.
